Reg. No. 46,506

Sir:

OFFICIAL COMMUNICATION

This Official Communication is in regard to the application filed herewith, which is a voluntary divisional application of currently pending and now allowed Application Serial No. 10/146,006, filed May 15, 2002, which is a continuation of Application Serial No. 09/998,705, filed November 30, 2001 (now U.S. Patent 6,598,397), which claims priority to U.S. Provisional Application Serial No. 60/311,514, filed August 10, 2001.

This divisional application includes both a marked-up substitute specification and a clean copy pursuant to 37 CFR 1.125. The substitute specification presents new claims, along with the oath or declaration from Application Serial No. 09/998,705 pursuant to 37 CFR §1.53(b). The text of the substitute specification includes changes to the specification, abstract and drawings that were originally filed in Application Serial No. 09/998,705 from which this divisional application claims priority, as well as from the aforementioned Application Serial No. 10/146,006, specifically numbered paragraph [0023] therein, from which the incorporation of the entirety of Application Serial No. 09/998,705 was made. Please also note that by virtue of the present substitute

specification, the title of the invention has been changed from that identified in the header above to that of Application Serial No. 09/998,705. In addition please note the first named inventor has been changed from John Gordon Coll identified in the header to William T. Hanna to better reflect the subject matter of Application Serial No. 09/998,705. The changes made to the present divisional application do not introduce new matter.

Applicants respectfully submit that the claims of the present divisional application represent allowable subject matter. The Examiner is encouraged to contact the undersigned to resolve efficiently any formal matters or to discuss any aspects of the application or of this Official Communication. Otherwise, early notification of allowable subject matter is respectfully solicited.

Respectfully submitted,
